1.1 Home page

Sovelia HTML-home page displays an overview of various quantities of statuses and objects from different classes. From here you can quickly switch between object classes and run searches.

The screenshot shows the Sovelia HTML-home page with several labeled components:

- Create a new object:** Points to the home icon (+) in the top left.
- Type filter:** Points to the 'Select type...' dropdown menu.
- Search column:** Points to the search bar with the placeholder 'Search criteria...'.
- User options and help icon to manuals:** Points to the user profile and help icons in the top right.
- Advanced Search:** Points to the search icon in the top right.
- Workspaces:** Points to the navigation tabs: BY ME, OVERVIEW, ITEMS, DOCUMENTS, ECM, and PROJECTS.
- Auto-searches:** Points to the filters: Authored by me, Changed by me, Changed recently, Assigned to me, and SHOW FULL LIST.
- Status overview:** Points to the 'ALL-CLASSES-BY-ME' section, which includes a donut chart and a table of item counts.
- Class overview:** Points to the 'ALL-STATUSES-BY-ME' section, which includes a donut chart and a table of status counts.
- See more:** Points to the 'Toggle all 13 items' link.
- Statistics:** Points to the 'MONTHLY-BY-ME' section, which includes a line chart showing data over time.
